## PLBC LUMBERJACKS

Our home field this year is at [North Hennepin Community College](http://www.nhcc.edu) in Brooklyn Park. The field is at the South end of the front parking lot. ## SUNDAY SERMON TEASER

### Does History Have Meaning?

To this point, Daniel has spoken in general terms about four kingdoms. In his dream recorded in chapter eight, two of those kingdoms are given more detailed description and are positively identified. The "little horn" out of the ten horns of the fourth beast in chapter seven has much in common with the "little horn" out of the four horns of the third beast in chapter eight. Does history have meaning? Where do we go to find the meaning of history? Is the meaning encouraging or depressing? How ought we to live if history does have meaning? All of these questions are answered in some fashion by Daniel's writings and some of them are addressed in this chapter. Please give some time to reading and re-reading [Daniel 8](#) for this Sunday.
